

DECEMBER

Date	Description	Signature
13/12/2020	Request for a supervisor and a co-supervisor	{ Mr. Q
23/12/2020	Had the first meeting with the supervisor about topics	

JANUARY

YRAUDEE

Date	Description	Signature
07/01/2023	Read research papers to get an idea about the component.	{ N.R.R }
15/01/2023	Started to learn about deep learning model implementation from online resources.	
25/01/2023	Started to begin collect data to create data set.	

FEBRUARY

YEARLY

Date	Description	Signature
08/02/2023	<p>I presented my individual research component to the supervisor and got some suggestions.</p> <p>- As the research area I proposed implementing a service suggestion system that provides suggestions about services.</p> <p>Since that part was somewhat similar to the other component of the system, I was suggested to think about something different.</p>	MWOB

10/02/2023, I presented the research component again after ~~not~~ changing the component. ~~not~~ Had a physical meeting with a supervisor and co-supervisor and discussed about TAF document and get signature.

MARCH

Date	Description	Signature
14/03/2023	Had MS MS team's chat with the supervisor regarding the TAF results.	M.M.R
15/03/2023	Done minor changes to their component according to the TAF results.	
16/03/2023	We created project charter document and share it with supervisor thru MS teams chat.	
18/03/2023	Started to prepare project proposal presentation slides to individual ^{Atlas} component.	

26/03/2023

We have shared
project proposal
slides with the
supervisor

27/03/2023.

Had project
proposal presenta-
tion.

APRIL

Date	Description	Signature
18/04/2023	Started toobile implement deep learning model	
27/04/2023	Started to going prepare proposal report to the individual component.	

MAY**BRIEF**

Date	Description	Signature
05/05/2023	I submitted the project proposal Report.	{ MR
20/05/2023	Shared progress presentation I.. slides with supervisor	Explanation
22/05/2023	Had progress presentation I	

JUNE

Date	Description	Signature
15/06/2023	Started to collect data to optimize dataset.	8000\20\20
17/06/2023	Train the AI model using collected data.	8000\20\20
	Testing both not training	8000\20\20

JULY

Date	Description	Signature
03/07/2023	Started to write individual research paper using overleaf.	ecocrolo
13/07/2023	Had a physical meeting with supervisor and co-supervisor to discuss about the progress of the research paper.	ecocrolo
	Joined to the teams meeting which is conducted by co-supervisor and show progress of the research paper.	

18/07/2023.

Does some changes
to the flowchart.

20/07/2023.

Had an online
meeting with the
co-supervisor and
discuss about the
current progress
of the individual
research paper.

27/07/2023.

Had an online
meeting with the
co-supervisor and
discuss the pre
progress of
presentation.

AUGUST

Date	Description	Signature
02/08/2023	Started to implement backend according to trained model.	✓
03/08/2023	Had an online meeting with the co-supervisor and discussed about completed sections of the research paper.	✓
10/08/2023	Joined to the meeting which is conducted by the co-supervisor and present the completed section of research paper and backend API implementation.	✓

11/08/2023	Started to implement front end using react native.
24/08/2023	Had an online meeting with co-supervisor to discuss about the completion of the research paper.
30/08/2023	Integrated the front end and backend api of my component.
31/08/2023	Completed the research paper and started to create "PPR" presentation.

SEPTEMBER

Date	Description	Signature
01/09/2023	Integrated all components into one project	{ RMR }
02/09/2023	Created PPT Presentation Slides	
03/09/2023	Shared PPT presentation with supervisor and practice with group members.	
04/09/2023	Had done Progress presentation 2.	
07/09/2023	Had an online meeting with the co-supervisor Discussed about individual & group presentation papers.
